

Easiest, Fastest, Toughest Dispenser!

AEP Plastic Wrap Dispenser

Designed for high-volume, fast-paced operations.

Easy to load 12", 18", or 24" AEP SEALWRAP®, ZIPSAFE® and CLINGCLASSIC® boxes.

Rubber coated 1/4" steel wire makes it the toughest dispenser in food service.

Unique wire design securely holds front, back, bottom, top, and sides of the cutter box for continuous dispensing until roll ends,

reducing waste.

Attachment Hooks

provide easy hanging to

Metro® rack shelving and many other types of racks and shelves.

Non-skid rubber foot print prevents tipping as film is being dispensed and keeps cutter box suspended above wet surfaces.

Lid lock holds lid down and out of the way for fast pulling and dispensing.

Plastic Wrap Dispenser - accommodates SEALWRAP®, ZIP SAFE® and CLINGCLASSIC® Boxes	ITEM CODE	SIZE	CUBIC FT.
