*Upscale, single-use biodegradable products  
that are environmentally friendly*

# EcoSense™

*WNA's biodegradable line of products is an ecologically sound and practical choice. EcoSense™ offers superior performance and appearance vs. other "green" disposable products.*

### Biodegrades in 1 to 5 years in various environments.\*

- Additive allows microorganisms to consume plastic.

### Made from FDA-approved materials.

- EcoSense™ products are based on Polypropylene  and provide an effective alternative to Polystyrene.
- EcoSense™ can be readily recycled with other recyclable PP  items.

### Upscale appearance and superior performance in 'Green' disposable dinnerware.

- Excellent heat tolerance with food and liquids including heat lamps!
- No issues with heat in transportation and warehouse storage.
- Good rigidity and shatter-resistant durability = superior product performance.

### Made in USA.

- Reduces carbon footprint vs. imports.
- Offers product supply 'peace of mind'!
